CLAUSULAS PARTICULARES

1- COORDINACION:

La Dirección Técnica y Logística de la Agregaduría Aeronáutica adjunta a la Embajada Argentina en los Estados Unidos de América estará a cargo de todas las coordinaciones que requieran el Proveedor y el Usuario para las gestiones de esta contratación.

2- MONEDA DE COTIZACION Y PAGO:

Las cotizaciones se formularán en DOLARES ESTADOUNIDENSES moneda en que se efectuará el pago contra presentación de facturas conformadas.

En caso que el oferente presente cotización de NREF: reemplazante al solicitado debe adjuntar copia de la documentación técnica que avale tal reemplazo.

En la cotización se deberá especificar claramente la condición, garantía técnica y tiempo de entrega del material ofertado en cada ítem. Se deberán cotizar las cantidades de cada ítem solicitadas, se desestimará aquellas que ofrezcan cantidades no requeridas.

3- CANTIDAD DE COPIAS DE LA OFERTA:

La oferta deberá presentarse en original y copia.

4- OFERTA:

La Oferta deberá presentarse impresa en tinta en idioma Inglés y en español.

Se rechazaran las ofertas impresas en lápiz.

El Oferente deberá presentar su cotización bajo la condición Provisión.

A efectos de valorizar correctamente las provisiones a realizar, se tendrá en cuenta que todos los aranceles, tasas, fletes y otros gastos involucrados que le demanden al Adjudicatario cumplir con las prestaciones requeridas, correrán por su exclusiva cuenta, no reconociendo la FAA por tal motivo, gastos adicionales ó pagos extras, que fueran debidamente explicitados.

5- BONO GARANTIA DE OFERTA:

Respetando los usos y costumbres del país no se requieren las Garantías usuales que deberían avalar esta contratación. No obstante lo dispuesto, todos los oferentes y adjudicatarios contraen la obligación de hacer efectivos los importes que hubiese correspondido integrar en concepto de garantías a requerimiento de la jurisdicción o entidad contratante, en caso que, debido a incumplimientos, el organismo contratante lo disponga.

6- LICENCIA DE EXPORTACION:

Si el material requiere Licencia de Exportación, el vendedor será responsable de su obtención. Si la misma no es otorgada, la Orden de Compra será cancelada y la Fuerza Aérea Argentina no será responsable por los gastos incurridos.

El adjudicatario deberá gestionar la Licencia de Exportación; si esta no fuera requerida, el proveedor deberá informar el Schedule "B" Number y el número CCL.

7- VALIDEZ DE LAS OFERTAS:

60 días hábiles desde la fecha de la oferta.

8- DERECHO DE INCREMENTAR O REDUCIR LA ORDEN DE COMPRA O CONTRATO:

La Fuerza Aérea Argentina podrá aumentar o disminuir, en las condiciones y precios acordados; y con previo consentimiento por escrito del adjudicatario hasta un TREINTA Y CINCO POR CIENTO (35%).

9- PLAZO DE ENTREGA y RECEPCIÓN:

250 (DOSCIENTOS CINCUENTA) días hábiles administrativos a partir de la recepción de la Orden de Compra, en condiciones EXW.

Entrega: Única.

10-FORMA Y LUGAR DE ENTREGA DEL MATERIAL:

Todo material debe ser entregado con la documentación que certifique la Aeronavegabilidad del elemento (FAA FORM 8130-3, EASAFORM ONE, CERTIFICADO DE CONFORMIDAD).

Forma de Entrega: Total. El material deberá contar con garantía solicitada.

Entregado en condición EXW WASHINGTON, incluyendo la totalidad del equipamiento requerido.

Lugar de Entrega:

ARGENTINA AIR FORCE 8411 Old Marlboro Pike Warehouse Unit 10-11 Upper Marlboro, Maryland 20772 Teléfonos: (301) 736-3060/3061

Fax: (301) 568-1065 e-mail: tdc@faaus.org

11-LISTA DE CONTENIDO:

El proveedor deberá incluir una (1) copia de la lista de embalaje dentro de cada caja, cartón, paquetes, contenedores, etc, y una (1) copia deberá ser presentada por fuera de la caja en un sobre a prueba de agua que indica el número de licencia de exportación.

La lista de contenido deberá especificar claramente todos los productos embalados en cada caja. Todos los datos de identificación en la lista de contenido (por ejemplo, P / N, FSCM, NSN, y / o descripción, etc) deberán coincidir con los de los artículos ya entregados.

12-MARCAS:

Las siguientes marcas deben ser estampadas o pintadas en sus dos (2) lados opuestos de cada caja.

FUERZA AEREA ARGENTINA ORDEN DE COMPRA N°...U-0113123......

CAJA N° (FI: N° 01/03)

13-FORMA Y LUGAR DE PRESENTACION DE FACTURAS:

Las facturas deberán ser emitidas en original y dos copias, debidamente firmadas, y presentadas ante la Dirección Técnica y Logística, a la dirección:

Argentine Air Attaché's Office Attn: Ms Norma Molina 2405 I Street NW- 6th Floor Washington, DC 20037

14-REGULACIONES DE PAGO:

El pago se realizará NETO TREINTA (30) DIAS.

15- CONDICIONES Y CARACTERISTICAS DEL MATERIAL:

Se aceptara para el cumplimiento del presente servicio que los materiales sean: FN.

16- DESPACHO A PLAZA:

Todo el envío del material, deberán ser consignadas "<u>exclusivamente</u>" a nombre de FAA (Pedro Zanni 250, Ciudad Autónoma de Buenos Aires), no aceptándose endosos, transferencias y/o co-titularidades, y deberá estar consignada la guía de carga, cada uno de los laterales de los bultos, el remito y la lista de empaque de la siguiente manera:

FUERZA AEREA ARGENTINA
Pedro Zanni 250 – (C1004ACJ) BUENOS AIRES - ARGENTINA
Orden de Compra OACI N^{TO} – (colocar número de contrato u Orden de Compra)

El retiro del material del Aeropuerto Internacional de Ezeiza será a "bulto cerrado", salvo que el embalaje denote signos de violación, deterioro ó diferencia de peso, en cuyo caso se dará intervención al Adjudicatario ó a la Compañía de Seguros contratada por el mismo.

En caso de producirse demoras en la entrega de los materiales a causa del despacho a plaza, ó inspecciones de la FAA, que excedan los términos fijados para estos trámites, el plazo previsto para el cumplimiento total se extenderá en igual medida.

17- GARANTIA DE MATERIAL:

Deberá ser de 12 meses.

18- ESPECIFICACIONES TECNICAS:

GENERALIDADES

El Oferente deberá proveer como parte del soporte logístico integrado de la aeronave SAAB 340B, Programas de Mantenimiento para los motores General Electric CT7-9B que permitan prever, planificar y controlar los costos directos de operación pagando una tarifa fija por hora de vuelo.

El Programa de Mantenimiento presentado por el Oferente debe estar avalado por el fabricante del motor (General Electric) mediante nota del mismo designando al Oferente como representante habilitado para este tipo de soporte ó ser General Electric en si mismo el oferente.

El Contrato relacionado con el programa de mantenimiento deberá entrar en efecto no más allá del 01 de Mayo de 2014 para ocho (8) motores CT7-9B en ala y dos (2) motores de repuesto.

El Programa de Mantenimiento ofrecido deberá reducir el ciclo de reabastecimiento de partes rotables y de partes consumibles al mínimo, para lo cual el Oferente deberá asegurar la provisión por el período de duración del contrato. Por consiguiente, la administración de este programa debe proveer un punto de contacto único para su simplificación.

El Programa de Mantenimiento ofrecido debe cubrir reparación, overhaul y servicios del motor CT7-9B y sus rotables.

El Programas de Mantenimiento ofrecido deberá mantener actualizadas las partes de repuesto y rotables (conjuntos y subconjuntos) con los últimos estándares de modificación y aplicación de boletines de servicio Categoría 1 y 2 y directivas de aeronavegabilidad aplicables durante el mantenimiento del motor en el taller correspondiente. Boletines de servicio Categorías 3 a 6 serán aplicados por mutuo acuerdo entre las Partes.

El Oferente debe proveer servicios de reparación y reabastecimiento de unidades reemplazables en la línea de vuelo, en acuerdo con las capacidades del Comprador, incluidos en la misma tarifa de hora de vuelo por motor.

En todos los casos, los componentes intercambiados, reparados u overhauleados, deberán ser trazables bajo formulario 8130-3 ó equivalente.

El Oferente deberá proveer un sitio WEB con acceso al Comprador para obtener las actualizaciones de documentación y un servicio de monitoreo de tendencias del motor con avisos del estado de situación para maximizar el empleo de los motores en ala.

El Oferente deberá proveer un servicio de diagnóstico y alertas acerca de la condición del motor basada en datos enviados por el Comprador. Estos resultados serán obtenidos a través del sitio WEB designado por el Oferente.

El Oferente deberá proveer un curso de monitoreo de tendencias para dos (2) persona en instalaciones del fabricante del motor. Todos los costos de viaje y estadía corren por cuenta del oferente.

El Oferente deberá proveer un servicio de limpieza de inyectores cuando estos sean removidos de acuerdo al plan de mantenimiento de los motores.

En los casos de cambio de componentes por falla o desgaste por uso normal no planificado, el Oferente deberá proveer una respuesta rápida de servicio (menos de veinticuatro horas) para definir las condiciones de intercambio de la parte

El Comprador se compromete a hacer todos los esfuerzos posibles para entregar la parte en el sitio designado por el Oferente no más allá de treinta y cinco (35) días después de la fecha de falla o reemplazo debido del componente.

El Comprador dispondrá de dos (2) motores de repuesto y el inventario de partes comprendido en el Apéndice 1.

El Oferente debe demostrar agregando cotizaciones, cantidad mínima y tiempo de entrega que es capaz de proveer todas las partes, sin excepción, del Apéndice 1. La falla en completar adecuadamente este Apéndice será causa de inadmisibilidad.

El Comprador entregará las partes al Oferente en condiciones DDU – sitio designado por el mismo y las recibirá

del Oferente en condiciones EXW – sitio designado por el Oferente. Las condiciones nombradas serán Incoterms 2000.

El Oferente puede incluir una cláusula de ajuste de pago si un motor es enviado a reparación y la misma supera lo pagado bajo el Programa de Mantenimiento a la fecha de entrada del mismo al taller. Esta cláusula aplicará en casos donde el daño del motor sea responsabilidad del Comprador.

El Oferente puede incluir una cláusula de ajuste de precio si el Comprador desea cambiar algún componente que todavía dispone de hasta un 10% de la vida límite prevista avalada por una autoridad aeronáutica.

El Oferente puede incluir una cláusula de pago por cada motor incluido bajo Programa de Mantenimiento, por única vez, equivalente a un doceavo del valor anual del programa. Esto será devuelto como crédito para el último mes del mismo.

El Contrato de Programa de Mantenimiento podrá disponer de una cláusula de salida anual con reconciliación de pagos entre las partes, con los costos que impliquen aquellos casos en que se superen los costos acumulativos por hora de vuelo debido a que los componentes tienen inspecciones costosas.

En estos casos, estos componentes deberán ser identificados y una cláusula de saldo de deuda será establecida como condición para la finalización calendario del Programa de Mantenimiento. Una vez finalizado el contrato de duración anual, el Comprador podrá optar por renovar el contrato para mantener las aeronaves operativas desde el punto de vista del mantenimiento por un (1) año más y así sucesivamente.

MODELO DE OPERACIÓN

Como para la aplicación y costeo de programas de mantenimiento se requiere tener en cuenta el modelo operacional a utilizar por las aeronaves ó el régimen de utilización y disponibilidad requerida, se detalla a continuación tal concepto:

Régimen de empleo de la aeronave.

El régimen de empleo de la aeronave debe ser calculado en un rango de seiscientas veinticinco (625) horas anuales por aeronave.

La cantidad de ciclos es asimilable al régimen de empleo en horas, es decir, de seiscientas veinticinco (625) ciclos por año de operación por aeronave.

Un incremento de hasta un veinte por ciento (20%) de horas/ciclos por aeronave debe ser previsto.

Valor mínimo de horas a considerar.

El valor mínimo a considerar si la aeronave no vuela por razones de fuerza mayor del Comprador, o vuela un régimen menor a las seiscientas veinticinco (625) horas, será de quinientas veinticinco (525) horas anuales.

Si la aeronave no vuela por razones de fuerza mayor del Oferente (por ejemplo: falla estructural de reparación mandatoria, o problemas de abastecimiento de alguna parte), y vuela menos de quinientas veinticinco (525) horas anuales, sólo se considerarán las horas voladas para el pago de Programas de Mantenimiento.

Valor de disponibilidad a considerar.

El valor de disponibilidad operacional deseable es de noventa y seis por ciento (96%).

Tiempo mínimo de vuelo: sesenta (60) minutos. El Oferente debe incluir una tabla de reajuste de tarifa para tiempos menores al previsto.

PROGRAMAS

Los montos para el sostenimiento de estos programas deberán ser calculados por el Oferente e incluidos en el presupuesto ofrecido para OCHO (8) MOTORES volando por SEISCIENTAS VEINTICINCO (625) HORAS y DOS (2) MOTORES DE REPUESTO.

DOCUMENTACION PARTICULA DE LOS MOTORES

En el caso particular del Programa de Mantenimiento de motores, el Oferente deberá asegurar que los motores de las aeronaves, incluidos los de repuesto, cumplan con los requerimientos del fabricante de los mismos para ser inducidos bajo Programa de Mantenimiento ECMP de General Electric, pago por hora de vuelo. Un Certificado de Calificación deberá ser expedido con cada aeronave y para cada motor, en acuerdo con el fabricante de los mismos.

La calificación para aprobación de motores debe contar al menos con la siguiente información:

Aseguramiento de potencia en tierra con aire de sangrado y sin el.

Pérdidas de aire de sangrado calculadas.

Inspección del detector de partículas.

Inspección de boroscopía de:

Zona caliente.

Zona fría.

Zona de turbina de potencia.

Inspección boroscópica de caja de reducción.

Estado de los inyectores.

Historia de mantenimiento.

Prueba de mantenimiento y almacenaje.

Fecha del último vuelo.

Los motores deben calificar en todas sus partes. Los componentes que no califiquen serán reemplazados en motores montados en aeronaves y de repuesto.

El Oferente deberá prever los costos asociados con cada evaluación, inclusive la de los motores de repuesto. Partes críticas como inyectores deberán ser puestas a "cero horas".

Los costos asociados con el mantenimiento del programa de motores deberán ser incluidos por el Oferente dentro de la misma oferta y su administración será su responsabilidad.

Un inspector imparcial de la compañía fabricante de los motores (General Electric) ó habilitado por la misma, deberá certificar habilidad de los mismos para ser operados bajo Programa de Mantenimiento ECMP.

Los costos de evaluación de motores podrán ser incluidos en los costos del Programa de Mantenimiento de Motores.

RESPONSABILIDADES DE LAS PARTES

Las responsabilidades técnicas de las Partes están tabuladas como sigue. El Oferente debe incluir esto como responsabilidades entre las partes en el contrato ECMP

ÍTEM	ELEMENTOS DE APOYO	OFERENTE	COMPRADOR
1	Motores de Repuesto		X
2	Inventario de Partes de Repuesto para sostener el ECMP		X
3	Equipamiento de Soporte y Herramientas		X

DOCUMENTACION A ENTREGAR

Un documento completo describiendo exhaustivamente el Programa de Mantenimiento ofrecidos, el Contrato de Programa de Mantenimiento ECMP para ser revisado y firmado por las Partes (en el idioma inglés y castellano) tal como ha sido descrito y el valor económico de la oferta expresado en USD (dólares estadounidenses), será entregado como parte de la Oferta.

plan de pagos

El plan de pagos para cada motor enrolado en el Programa de Mantenimiento ECMP se hará efectivo una vez que el mencionado programa esté emplazado. El ECMP debe estar emplazado para antes del 01 de Nobienbre de 2011 para los diez (10) motores.

Para el pago debe tener la siguiente estructura:

Pago mensual, bimestral, trimestral, etc., en función de las horas voladas mensuales cuyo promedio de la flota no debe ser menor a cien (100) Hs. Contra factura presentada por la Empresa General Electric.

El pago se hará efectivo en Dólares Estadounidenses a la cuenta designada por General Electric.
